| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | EP                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Dual specificity phosphatase 19, also known as DuSP19, is a member of the dual specificity protein phosphatase subfamily. DuSPs are characterized by their ability to dephosphorylate both tyrosine and serine/threonine residues. They have been implicat... |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 19.4 kDa (176aa) confirmed by MALDI-TOF                                                                                                                                                                                                                       |
