| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 146-178 from human NAT10 was used as the immunogen for the NAT10 antibody.                                                                                                                                                           |
| Produktbeschreibung      | NAT10 has protein acetyltransferase activity in vitro. Can acetylate both histones and microtubules. Histone acetylation may regulate transcription and mitotic chromosome de-condensation. Activates telomerase activity by stimulating the transcription... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |
| Isotyp                   | Rabbit Ig                                                                                                                                                                                                                                                     |

|                        |                                                                                                                                                                                           |
