| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full length human protein was used as the immunogen for this SMAD4 antibody.                                                                                                                                                                      |
| Produktbeschreibung      | Signaling from the ligand-activated membrane receptor serine/threonine kinases to nuclear targets is mediated by a set of evolutionarily conserved proteins known as DPC4. Upon ligand binding, the receptors of the TGF- family phosphorylate SMAD protei... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.2 mg/ml with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                                                                                                                                                                                                 |
| Klon-Bezeichnung         | [SMAD4/2524]                                                                                                                                                                                                                                                  |
| Isotyp                   | Mouse IgG2a, kappa                                                                                                                                                                                                                                            |

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q13485</a>                                                         |
| Puffer                 | 0.2 mg/ml with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                  |
| Reinheit               | Protein G affinity chromatography                                              |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide     |
| Target-Kategorie       | SMAD4                                                                          |
| Antibody Type          | Primary Antibody                                                               |
| Application Verdünnung | ELISA (order BSA-free format for coating)                                      |
| Anwendungsbeschreibung | Optimal dilution of the SMAD4 antibody should be determined by the researcher. |
