| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant human partial protein (amino acids 22-166) was used as the immunogen for this MMP9 antibody.                                                                                                                                                    |
| Produktbeschreibung      | The matrix metalloproteinases (MMP) are a family of peptidase enzymes responsible for the degradation of extracellular matrix components, including collagen, gelatin, fibronectin, laminin and proteoglycan. Transcription of MMP genes is differentially... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                                                                                                                                                                                |
| Klon-Bezeichnung         | [MMP9/2477]                                                                                                                                                                                                                                                   |

|                        |                                                                               |
|------------------------|-------------------------------------------------------------------------------|
| Isotyp                 | Mouse IgG2b, kappa                                                            |
| UniProt                | <a href="#">P14780</a>                                                        |
| Puffer                 | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                |
| Reinheit               | Protein G affinity chromatography                                             |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                |
| Target-Kategorie       | MMP9                                                                          |
| Antibody Type          | Primary Antibody                                                              |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                         |
| Anwendungsbeschreibung | Optimal dilution of the MMP9 antibody should be determined by the researcher. |
