| Alternativnummer         | NSJ-V8031SAF-100UG                                                                                                                                                                                                                                            |
| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant human partial protein (amino acids 413-552) was used as the immunogen for this Perforin-1 antibody.                                                                                                                                             |
| Produktbeschreibung      | Perforin is a pore-forming protein that leads to osmotic lysis of the target cells and subsequently enables granzymes to enter the target cells and activate apoptosis. Perforin has structural and functional similarities to complement component 9 (C9)... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                                                                                                                                                                                |
| Klon-Bezeichnung         | [PRF1/2467]                                                                                                                                                                                                                                                   |
| Isotyp                   | Mouse IgG2b, kappa                                                                                                                                                                                                                                            |

|                        |                                                                                     |
|------------------------|-------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P14222</a>                                                              |
| Puffer                 | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                      |
| Reinheit               | Protein G affinity chromatography                                                   |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                      |
| Target-Kategorie       | Perforin                                                                            |
| Antibody Type          | Primary Antibody                                                                    |
| Application Verdünnung | ELISA (order BSA-free format for coating)                                           |
| Anwendungsbeschreibung | Optimal dilution of the Perforin-1 antibody should be determined by the researcher. |
