| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | The binding of Ca(2+) to the trimeric troponin complex initiates the process of muscle contraction. Increased Ca(2+) concentrations produce a conformational change in the troponin complex that is transmitted to tropomyosin dimers situated along actin... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [RB36783]                                                                                                                                                                                                                                                     |

|                  |                                                                                                                                                                              |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung     | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification. |
| Target-Kategorie | This TNNT3 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 217-245 amino acids from the C-terminal region of human TNNT3.       |
| Antibody Type    | Polyclonal Antibody                                                                                                                                                          |
