| Kategorie                | Antikörper                                                                                                                                                                                                                             |
| Applikation              | FC, IF, WB                                                                                                                                                                                                                             |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                           |
| Produktbeschreibung      | EGR1 belongs to the EGR family of C2H2-type zinc-finger proteins. It is a nuclear protein and functions as a transcriptional regulator. The products of target genes it activates are required for differentiation and mitogenesis.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                             |
| Klon-Bezeichnung         | [RB19179]                                                                                                                                                                                                                              |

|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung     | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is prepared by Saturated Ammonium Sulfate (SAS) precipitation followed by dialysis against PBS. |
| Target-Kategorie | This EGR1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 9-37 amino acids from the N-terminal region of human EGR1.                         |
| Antibody Type    | Polyclonal Antibody                                                                                                                                                                       |
