| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full-length human CDKN1A protein                                                                                                                                                                                                                  |
| Produktbeschreibung      | This MAb recognizes a 21kDa protein, identified as the p21WAF1 tumor suppressor protein. This MAb is highly specific to p21 and shows no cross-reaction with other closely related mitotic inhibitors. p21WAF1 is a specific inhibitor of cdks and a tumor... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
