| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FC, IF                                                                                                                                                                                                                                                 |
| Spezies Reaktivität      | Human, Mouse, Rabbit, Rat                                                                                                                                                                                                                                     |
| Immunogen                | Recombinant full-length human IGF-1 protein                                                                                                                                                                                                                   |
| Produktbeschreibung      | This antibody is specific to Insulin-like Growth Factor (IGF-1) and shows minimal cross-reaction with IGF-11, Proinsulin, MSF, and Insulin. IGF-1 is a polypeptide growth factor with two isoforms that are produced by alternative splicing. Isoform 1 is... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [IGF1/2872R]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | ~7.6kDa                                                                                                                                                                                                                                                       |
| NCBI                     | <a href="#">3479</a>                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P05019</a>                                                                                                                                                                  |
| Formulierung           | 200ug/ml of Ab Purified from Bioreactor Concentrate by Protein A/G. Prepared in 10mM PBS with 0.05% BSA & 0.05% azide. Also available WITHOUT BSA & azide at 1.0mg/ml.                  |
| Antibody Type          | Recombinant Monoclonal Antibody                                                                                                                                                         |
| Anwendungsbeschreibung | ELISA (For coating, order antibody without BSA), Flow Cytometry (1-2ug/million cells), Immunofluorescence (1-2ug/ml), Optimal dilution for a specific application should be determined. |
