| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Canine, Guinea pig, Hamster, Human, Mouse, Rabbit, Rat                                                                                                                                                                                                |
| Immunogen                | Recombinant full-length human S100B protein                                                                                                                                                                                                                   |
| Produktbeschreibung      | S100 belongs to the family of calcium binding proteins. S100A and S100B proteins are two members of the S100 family. S100A is composed of an alpha and a beta chain whereas S100B is composed of two beta chains. This antibody is specific against an epi... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [S100B/1706R]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 10-12kDa                                                                                                                                                                                                                                                      |
| NCBI                     | <a href="#">6285</a>                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                                                                                            |
