| Artikelname              | PUMA Antibody [10D4G7], IgG1, Mouse, Monoclonal                                                                                                         |
| Artikelnummer            | ROC-200-301-DV2                                                                                                                                         |
| Hersteller Artikelnummer | 200-301-DV2                                                                                                                                             |
| Alternativnummer         | ROC-200-301-DV2                                                                                                                                         |
| Hersteller               | Rockland Immunochemicals                                                                                                                                |
| Wirt                     | Mouse                                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                                              |
| Applikation              | ELISA, WB                                                                                                                                               |
| Spezies Reaktivität      | Human, Rat                                                                                                                                              |
| Immunogen                | Anti-PUMA antibody was produced In mice by repeated immunizations with a recombinant protein corresponding to amino acids 76 - 170 of human PUMA-alpha. |
| Konjugation              | Unconjugated                                                                                                                                            |
| Klonalität               | Monoclonal                                                                                                                                              |
| Konzentration            | 1 mg/mL by UV absorbance at 280 nm                                                                                                                      |
| Klon-Bezeichnung         | [10D4G7]                                                                                                                                                |
| Isotyp                   | IgG1                                                                                                                                                    |

| Puffer                 | 0.01 M Sodium Phosphate, 0.25 M Sodium Chloride, pH 7.2                                                                                                                                                                                                        |
| Formulierung           | Liquid (sterile filtered)                                                                                                                                                                                                                                      |
| Target-Kategorie       | Human                                                                                                                                                                                                                                                          |
| Antibody Type          | Primary Antibody                                                                                                                                                                                                                                               |
| Application Verdünnung | ELISA: 1:20,000 - 1:50,000, WB: 2.5-5 µg/mL                                                                                                                                                                                                                    |
| Anwendungsbeschreibung | Anti-PUMA Antibody has been tested for use in ELISA and Western Blotting. Specific conditions for reactivity should be optimized by the end user. Expect a band at approximately 21 kDa in Western Blots of specific cell lysates and tissues. Validated in hu |
