| Alternativnummer                 | ROC-210-4307                                                                                        |
| Hersteller                       | Rockland Immunochemicals                                                                            |
| Wirt                             | Rabbit                                                                                              |
| Kategorie                        | Antikörper                                                                                          |
| Applikation                      | ELISA,IHC,WB                                                                                        |
| Spezies Reaktivität              | Mouse                                                                                               |
| Immunogen                        | Anti-Mouse IgM (H&L) was produced by repeated immunization with mouse IgM whole molecule in rabbit. |
| Konjugation                      | HRPO                                                                                                |
| Format                           | IgG                                                                                                 |
| Spezifität                       | IgM (H+L)                                                                                           |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                                                                 |
| Klonalität                       | Polyclonal                                                                                          |
| Konzentration                    | 10 mg/mL by UV absorbance at 280 nm                                                                 |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                          |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                    |
| Target-Kategorie       | Mouse                                                                                                                                                                                                                                                          |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Verdünnung | ELISA: 1:10,000 - 1:50,000, IHC: 1:500 - 1:2,500, WB: 1:1,000 - 1:10,000                                                                                                                                                                                       |
| Anwendungsbeschreibung | This secondary peroxidase conjugated antibody anti-Mouse has been tested by dot blot and ELISA and is ideal for investigators who routinely perform titration assays, western-blot, immunoprecipitation and more generally immunoassays. Mouse IgM (H&L) perox |
