| Target-Kategorie       | Human                                                                                                                                                                                                                                                          |
| Antibody Type          | Primary Antibody                                                                                                                                                                                                                                               |
| Application Verdünnung | ELISA: 1:15,000 - 1:60,000, WB: 1:500 - 1:3,000                                                                                                                                                                                                                |
| Anwendungsbeschreibung | This affinity purified antibody has been tested for use in ELISA and by western blot. Specific conditions for reactivity should be optimized by the end user. Expect a main band at approximately 163 kDa in size corresponding to FANCA by western blotting i |
