## Product Datasheet

### West Nile Virus Matrix Antibody, Rabbit, Polyclonal ROC-600-401-FY7

|                          |   |
|--------------------------|---|
| Artikelname              | West Nile Virus Matrix Antibody, Rabbit, Polyclonal   |
| Artikelnummer            | ROC-600-401-FY7   |
| Hersteller Artikelnummer | 600-401-FY7   |
| Alternativnummer         | ROC-600-401-FY7   |
| Hersteller               | Rockland Immunochemicals  |
| Wirt                     | Rabbit  |
| Kategorie                | Antikörper  |
| Applikation              | ELISA   |
| Spezies Reaktivität      | Virus   |
| Immunogen                | Anti-West Nile virus matrix antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to 15 amino acids near the internal region of the west nile virus matrix precursor protein. |
| Konjugation              | Unconjugated  |
| Klonalität               | Polyclonal  |
| Konzentration            | 1 mg/mL by UV absorbance at 280 nm  |
| NCBI                     | <a href="#">912267</a>  |
| UniProt                  | <a href="#">P06935</a>  |
| Puffer                   | 0.01 M Sodium Phosphate, 0.25 M Sodium Chloride, pH 7.2   |

|                        |  |
|------------------------|--|
| Formulierung           | Liquid (sterile filtered)  |
| Target-Kategorie       | West Nile Virus  |
| Antibody Type          | Primary Antibody   |
| Application Verdünnung | ELISA: User Optimized  |
| Anwendungsbeschreibung | Anti-West Nile Virus Matrix Antibody has been tested for use in ELISA. Specific conditions for reactivity should be optimized by the end user. Expect a band at approximately 380 kDa in Western Blots of specific cell lysates and tissues. |
