### KLH Antibody Biotin Conjugated, Rabbit, Polyclonal ROC-600-406-466

|                          |                                                               |
|--------------------------|---------------------------------------------------------------|
| Artikelname              | KLH Antibody Biotin Conjugated, Rabbit, Polyclonal            |
| Artikelnummer            | ROC-600-406-466                                               |
| Hersteller Artikelnummer | 600-406-466                                                   |
| Alternativnummer         | ROC-600-406-466                                               |
| Hersteller               | Rockland Immunochemicals                                      |
| Wirt                     | Rabbit                                                        |
| Kategorie                | Antikörper                                                    |
| Applikation              | ELISA, WB                                                     |
| Spezies Reaktivität      | Mollusc                                                       |
| Immunogen                | KLH (Keyhole Limpet Hemocyanin)                               |
| Konjugation              | Biotin                                                        |
| Klonalität               | Polyclonal                                                    |
| Konzentration            | 1.0 mg/mL by UV absorbance at 280 nm                          |
| Puffer                   | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2    |
| Formulierung             | Lyophilized                                                   |
| Antibody Type            | Primary Antibody                                              |
| Application Verdünnung   | ELISA: 1:250,000, IHC: User Optimized, WB: 1:5,000 - 1:25,000 |

Anwendungsbeschreibung

Anti-KLH Biotin conjugated Antibody has been tested by western blotting to detect a single band of the expected apparent molecular weight and for ELISA. Anti-KLH antibody biotin conjugate is suitable for use with streptavidin reporter systems. Researcher
