## Product Datasheet

### **Rabbit F(ab)2 anti-Swine IgG (H+L)-HRPO, MinX none ROC-714-403-002**

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Rabbit F(ab)2 anti-Swine IgG (H+L)-HRPO, MinX none         |
| Artikelnummer                    | ROC-714-403-002                                            |
| Hersteller Artikelnummer         | 714-403-002                                                |
| Alternativnummer                 | ROC-714-403-002                                            |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Rabbit                                                     |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Porcine                                                    |
| Immunogen                        | Swine IgG whole molecule                                   |
| Konjugation                      | HRPO                                                       |
| Format                           | F(ab')2                                                    |
| Spezifität                       | IgG (H+L)                                                  |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 1.0 mg/mL by UV absorbance at 280 nm                       |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                |
| Target-Kategorie       | Swine                                                                                                                                                                                      |
| Antibody Type          | Secondary Antibody                                                                                                                                                                         |
| Application Verdünnung | ELISA: 1:10,000 - 1:100,000, IHC: 1:500 - 1:2,500, WB: 1:2,000 - 1:10,000                                                                                                                  |
| Anwendungsbeschreibung | F(ab)2 Anti-Swine IgG Peroxidase Conjugated Antibody has been tested by ELISA and is ideal for ELISA, western blotting, Immunohistochemistry, as well as other antibody detection methods. |
