## Product Datasheet

### **Goat F(ab)2 anti-Hamster (all) IgG (H+L)-unconj., MinX Ms,Rt, Polyclonal , Unconjugated ROC-720-101-440**

|                                  |                                                                                         |
|----------------------------------|-----------------------------------------------------------------------------------------|
| Artikelname                      | Goat F(ab)2 anti-Hamster (all) IgG (H+L)-unconj., MinX Ms,Rt, Polyclonal , Unconjugated |
| Artikelnummer                    | ROC-720-101-440                                                                         |
| Hersteller Artikelnummer         | 720-101-440                                                                             |
| Alternativnummer                 | ROC-720-101-440                                                                         |
| Hersteller                       | Rockland Immunochemicals                                                                |
| Wirt                             | Goat                                                                                    |
| Kategorie                        | Antikörper                                                                              |
| Applikation                      | ELISA,IHC,WB                                                                            |
| Spezies Reaktivität              | Hamster (all)                                                                           |
| Immunogen                        | Golden Syrian and Armenian Hamster IgG whole molecules                                  |
| Konjugation                      | Unconjugated                                                                            |
| Format                           | F(ab')2                                                                                 |
| Spezifität                       | IgG (H+L)                                                                               |
| Minimale Kreuzreaktivität (MinX) | Mouse,Rat                                                                               |
| Klonalität                       | Polyclonal                                                                              |
| Konzentration                    | 1.0 mg/mL by UV absorbance at 280 nm                                                    |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                                                                                     |
| Formulierung           | Liquid (sterile filtered)                                                                                                                                                                                                                                      |
| Target-Kategorie       | Armenian and Golden Syrian Hamster                                                                                                                                                                                                                             |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Verdünnung | ELISA: 1:10,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                                                                                                                                |
| Anwendungsbeschreibung | F(ab)2 Anti-Golden Syrian & Armenian Hamster IgG Antibody has been tested by ELISA and dot blot and is suitable for immunomicroscopy and flow cytometry or FACS analysis as well as other antibody based fluorescent assays requiring extremely low background |
