| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Produktbeschreibung      | Label: Alkaline Phosphatase (Calf Intestine) (Molecular Weight 140,000 daltons) Applications: Suitable for use in ELISA, Western Blot and Immunohistochemistry. Other applications not tested. Recommended Dilution: ELISA: 1:1000-1:10,000 Optimal diluti... |
| Reinheit                 | Purified by ion exchange chromatography. IEP Assay shows a single precipitin arc against source serum protein and IgG.                                                                                                                                        |
| Formulierung             | Supplied as a lyophilized powder in PBS, pH 7.2, 10mg/ml BSA, 0.09% sodium azide.                                                                                                                                                                             |
