| Artikelnummer            | USB-037127-APC                                                                                                                                                                                                                                                |
| Hersteller Artikelnummer | 037127-APC                                                                                                                                                                                                                                                    |
| Alternativnummer         | USB-037127-APC-200                                                                                                                                                                                                                                            |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | KLH-conjugated synthetic peptide mapping to a fragment of residues within amino acids 946-975 in the C-terminal region of human ISWI, UniProt Accession NP_003592.2,O60264, Q91ZW3. Species sequence homology: mouse                                          |
| Produktbeschreibung      | The protein encoded by this gene is a member of the SWI/SNF family of proteins. Members of this family have helicase and ATPase activities and are thought to regulate transcription of certain genes by altering the chromatin structure around those gen... |
| NCBI                     | <a href="#">003592</a>                                                                                                                                                                                                                                        |
| UniProt                  | <a href="#">O60264</a>                                                                                                                                                                                                                                        |

|              |                                                                          |
|--------------|--------------------------------------------------------------------------|
| Reinheit     | Purified by Protein A and peptide affinity chromatography.               |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with Allophycocyanin (APC). |
