| Artikelnummer            | USB-041164-HRP                                                                                                                                                                                                                                                |
| Hersteller Artikelnummer | 041164-HRP                                                                                                                                                                                                                                                    |
| Alternativnummer         | USB-041164-HRP-200                                                                                                                                                                                                                                            |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Immunogen                | RON antibody is generated from rabbits immunized with two KLH conjugated synthetic peptides selected from N-term of human RON.                                                                                                                                |
| Produktbeschreibung      | Protein kinases are enzymes that transfer a phosphate group from a phosphate donor, generally the γ phosphate of ATP, onto an acceptor amino acid in a substrate protein. By this basic mechanism, protein kinases mediate most of the signal transduction... |
| UniProt                  | <a href="#">Q04912</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |

|              |                                                                                                        |
|--------------|--------------------------------------------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with horseradish peroxidase (HRP). |
