## Product Datasheet

### **Polyclonal Rabbit anti-Human GART / GARS Antibody (Biotin, aa791-840, WB) LS-C448051 LS-C448051-100**

Artikelname	Polyclonal Rabbit anti-Human GART / GARS Antibody (Biotin, aa791-840, WB) LS-C448051
Artikelnummer	LS-C448051-100
Hersteller Artikelnummer	LS-C448051-100
Alternativnummer	LS-C448051-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Equine, Human, Primate
Immunogen	Synthetic peptide located between aa791-840 of human GART (P22102, NP_000810). Percent identity by BLAST analysis: Human, Gorilla, Gibbon (100%), Baboon, Monkey (92%), Galago (91%), Marmoset (85%), Horse (83%).
Konjugation	Biotin
Produktbeschreibung	GARS antibody LS-C448051 is a biotin-conjugated rabbit polyclonal antibody to GARS (GART) (aa791-840) from human. It is reactive with human, gibbon and horse. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	<a href="#">2618</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
