Polyclonal Rabbit anti-Human SNAP23 / SNAP-23 Antibody (Biotin, aa38-87, WB) LS-C451399 LS-C451399-100

Artikelname	Polyclonal Rabbit anti-Human SNAP23 / SNAP-23 Antibody (Biotin, aa38-87, WB) LS-C451399
Artikelnummer	LS-C451399-100
Hersteller Artikelnummer	LS-C451399-100
Alternativnummer	LS-C451399-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Canine, Human, Mouse, Porcine, Primate, Rabbit
Immunogen	Synthetic peptide located between aa38-87 of human SNAP23 (O00161, NP_003816). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Orangutan, Gibbon (100%), Monkey (92%), Horse (91%), Zebrafish (90%), Mouse, Rat, Panda, Dog, Bat, Rabbit, Pig,
Konjugation	Biotin
Produktbeschreibung	SNAP-23 antibody LS-C451399 is a biotin-conjugated rabbit polyclonal antibody to SNAP-23 (SNAP23) (aa38-87) from human. It is reactive with human, mouse, bovine and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	8773
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
