## Product Datasheet

### **Polyclonal Rabbit anti-Mouse ABO Glycosyltransferase Antibody (Biotin, aa200-249, WB) LS-C452494 LS-C452494-100**

Artikelname	Polyclonal Rabbit anti-Mouse ABO Glycosyltransferase Antibody (Biotin, aa200-249, WB) LS-C452494
Artikelnummer	LS-C452494-100
Hersteller Artikelnummer	LS-C452494-100
Alternativnummer	LS-C452494-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Canine, Human, Monkey, Mouse, Primate, Rat, Xenopus
Immunogen	Synthetic peptide located between aa200-249 of mouse Abo (P38649, NP_109643). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Monkey, Mouse, Rat, Dog, Xenopus (100%).
Konjugation	Biotin
Produktbeschreibung	ABO Glycosyltransferase antibody LS-C452494 is a biotin-conjugated rabbit polyclonal antibody to ABO Glycosyltransferase (aa200-249) from mouse. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	<a href="#">28</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
