## Product Datasheet

### **Polyclonal Rabbit anti-Human NTRK2 / TRKB Antibody (Biotin, aa466-515, WB) LS-C454696 LS-C454696-100**

Artikelname	Polyclonal Rabbit anti-Human NTRK2 / TRKB Antibody (Biotin, aa466-515, WB) LS-C454696
Artikelnummer	LS-C454696-100
Hersteller Artikelnummer	LS-C454696-100
Alternativnummer	LS-C454696-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Equine, Human, Monkey, Primate, Rabbit
Immunogen	Synthetic peptide located between aa466-515 of human NTRK2 (Q8WXJ5, NP_001018075). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Monkey, Marmoset, Panda, Bovine, Rabbit, Horse (100%), Bat (87%), Galago (81%).
Konjugation	Biotin
Produktbeschreibung	TRKB antibody LS-C454696 is a biotin-conjugated rabbit polyclonal antibody to TRKB (NTRK2) (aa466-515) from human. It is reactive with human, bovine, chimpanzee and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	<a href="#">4915</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
