Polyclonal Rabbit anti-Human INHA / Inhibin Alpha Antibody (Biotin, aa101-150, WB) LS-C457805 LS-C457805-100

Artikelname	Polyclonal Rabbit anti-Human INHA / Inhibin Alpha Antibody (Biotin, aa101-150, WB) LS-C457805
Artikelnummer	LS-C457805-100
Hersteller Artikelnummer	LS-C457805-100
Alternativnummer	LS-C457805-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Canine, Equine, Goat, Human, Mouse, Porcine, Primate, Rat, Sheep
Immunogen	Synthetic peptide located between aa101-150 of human INHA (P05111, NP_002182). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Galago, Marmoset, Shrew, Sheep, Goat, Bovine, Pig, Armadillo (100%), Baboon, Monkey, Elephant (92%), Mo
Konjugation	Biotin
Produktbeschreibung	Inhibin Alpha antibody LS-C457805 is a biotin-conjugated rabbit polyclonal antibody to Inhibin Alpha (INHA) (aa101-150) from human. It is reactive with human, mouse, rat and other species. Validated for WB....

Klonalität	Polyclonal
Konzentration	1 mg/ml
NCBI	3623
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
