## Product Datasheet

### **Polyclonal Rabbit anti-Human Alpha Fucosidase / FUCA1 Antibody (Biotin, aa143-192, WB) LS-C458361 LS-C458361-100**

Artikelname	Polyclonal Rabbit anti-Human Alpha Fucosidase / FUCA1 Antibody (Biotin, aa143-192, WB) LS-C458361
Artikelnummer	LS-C458361-100
Hersteller Artikelnummer	LS-C458361-100
Alternativnummer	LS-C458361-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Canine, Equine, Gallus, Guinea pig, Human, Mouse, Porcine, Primate, Rabbit
Immunogen	Synthetic peptide located between aa143-192 of human FUCA1 (P04066, NP_000138). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Monkey, Mouse, Elephant, Panda, Dog, Bovine, Horse, Pig, Guinea pig, Turkey, Chicken (100%), Marmoset,
Konjugation	Biotin
Produktbeschreibung	FUCA1 antibody LS-C458361 is a biotin-conjugated rabbit polyclonal antibody to FUCA1 (Alpha Fucosidase) (aa143-192) from human. It is reactive with human, mouse, bovine and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	<a href="#">2517</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
