## Product Datasheet

### **Polyclonal Rabbit anti-Mouse DCDC2 Antibody (Biotin, aa79-128, WB) LS-C462616 LS-C462616-100**

Artikelname	Polyclonal Rabbit anti-Mouse DCDC2 Antibody (Biotin, aa79-128, WB) LS-C462616
Artikelnummer	LS-C462616-100
Hersteller Artikelnummer	LS-C462616-100
Alternativnummer	LS-C462616-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Equine, Human, Monkey, Mouse, Primate, Rat
Immunogen	Synthetic peptide located between aa79-128 of mouse Dcdc2a (NP_808245). Percent identity by BLAST analysis: Human, Gorilla, Gibbon, Monkey, Galago, Marmoset, Mouse, Rat, Bovine, Horse (100%), Elephant, Panda, Dog, Bat, Pig, Opossum, Guinea pig, Turkey, Z
Konjugation	Biotin
Produktbeschreibung	DCDC2 antibody LS-C462616 is a biotin-conjugated rabbit polyclonal antibody to DCDC2 (aa79-128) from mouse. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	<a href="#">51473</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
