Polyclonal Rabbit anti-Mouse IPPK Antibody (Biotin, aa366-415, WB) LS-C463843 LS-C463843-100

Artikelname	Polyclonal Rabbit anti-Mouse IPPK Antibody (Biotin, aa366-415, WB) LS-C463843
Artikelnummer	LS-C463843-100
Hersteller Artikelnummer	LS-C463843-100
Alternativnummer	LS-C463843-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bat, Canine, Equine, Guinea pig, Hamster, Human, Monkey, Mouse, Primate, Rat
Immunogen	Synthetic peptide located between aa366-415 of mouse Ippk (Q6P1C1, NP_951011). Percent identity by BLAST analysis: Human, Gorilla, Gibbon, Monkey, Galago, Marmoset, Mouse, Rat, Hamster, Elephant, Panda, Dog, Bat, Horse, Guinea pig (100%), Bovine, Rabbit,
Konjugation	Biotin
Produktbeschreibung	IPPK antibody LS-C463843 is a biotin-conjugated rabbit polyclonal antibody to IPPK (aa366-415) from mouse. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	64768
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
