Polyclonal Rabbit anti-Human ARA9 / AIP Antibody (Biotin, aa36-85, WB) LS-C464641 LS-C464641-100

| | |
|--------------------------|--|
| Artikelname | Polyclonal Rabbit anti-Human ARA9 / AIP Antibody (Biotin, aa36-85, WB) LS-C464641 |
| Artikelnummer | LS-C464641-100 |
| Hersteller Artikelnummer | LS-C464641-100 |
| Alternativnummer | LS-C464641-100 |
| Hersteller | LifeSpan Biosciences |
| Wirt | Rabbit |
| Kategorie | Antikörper |
| Applikation | WB |
| Spezies Reaktivität | Bovine, Canine, Equine, Human, Monkey, Primate, Rat |
| Immunogen | Synthetic peptide located between aa36-85 of human AIP (O00170, NP_003968). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Marmoset, Elephant (100%), Galago (92%), Monkey, Bat, Guinea pig (85%), Rat (78%). |
| Konjugation | Biotin |
| Produktbeschreibung | AIP antibody LS-C464641 is a biotin-conjugated rabbit polyclonal antibody to AIP (ARA9) (aa36-85) from human. It is reactive with human, rat, bovine and other species. Validated for WB.... |
| Klonalität | Polyclonal |
| Konzentration | 1 mg/ml |

| | |
|------------------------|---|
| NCBI | 9049 |
| Puffer | PBS |
| Reinheit | Immunoaffinity purified |
| Formulierung | PBS |
| Application Verdünnung | WB |
| Anwendungsbeschreibung | The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. |
