Polyclonal Rabbit anti-Human GTF2A1 / TFIIA Antibody (Biotin, aa215-264, WB) LS-C464659 LS-C464659-100

Artikelname	Polyclonal Rabbit anti-Human GTF2A1 / TFIIA Antibody (Biotin, aa215-264, WB) LS-C464659
Artikelnummer	LS-C464659-100
Hersteller Artikelnummer	LS-C464659-100
Alternativnummer	LS-C464659-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Equine, Human, Monkey, Mouse, Primate, Rabbit, Rat, Sheep
Immunogen	Synthetic peptide located between aa215-264 of human GTF2A1 (P52655, NP_963889). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Orangutan, Gibbon, Monkey, Marmoset, Mouse, Rat, Sheep, Elephant, Panda, Rabbit, Horse, Platypus (100%), Dog,
Konjugation	Biotin
Produktbeschreibung	TFIIA antibody LS-C464659 is a biotin-conjugated rabbit polyclonal antibody to TFIIA (GTF2A1) (aa215-264) from human. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	2957
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
