Polyclonal Rabbit anti-Human CPNE6 / N-COPINE Antibody (Biotin, aa401-450, WB) LS-C466282 LS-C466282-100

Artikelname	Polyclonal Rabbit anti-Human CPNE6 / N-COPINE Antibody (Biotin, aa401-450, WB) LS-C466282
Artikelnummer	LS-C466282-100
Hersteller Artikelnummer	LS-C466282-100
Alternativnummer	LS-C466282-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bat, Human, Monkey, Mouse, Primate, Rat
Immunogen	Synthetic peptide located between aa401-450 of human CPNE6 (O95741, NP_006023). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Orangutan, Gibbon, Monkey, Marmoset, Mouse, Rat, Elephant, Bat (100%), Galago, Panda, Dog, Bovine, Rabbit, Hor
Konjugation	Biotin
Produktbeschreibung	N-COPINE antibody LS-C466282 is a biotin-conjugated rabbit polyclonal antibody to N-COPINE (CPNE6) (aa401-450) from human. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	9362
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
