### **Polyclonal Rabbit anti-Human LRAT Antibody (Biotin, aa51-100, WB) LS-C466729 LS-C466729-100**

Artikelname	Polyclonal Rabbit anti-Human LRAT Antibody (Biotin, aa51-100, WB) LS-C466729
Artikelnummer	LS-C466729-100
Hersteller Artikelnummer	LS-C466729-100
Alternativnummer	LS-C466729-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Canine, Human, Monkey, Mouse, Primate
Immunogen	Synthetic peptide located between aa51-100 of human LRAT (O95237, NP_004735). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Monkey (100%), Gibbon, Galago, Bovine, Rabbit (92%), Marmoset, Elephant, Panda, Dog (85%), Mouse (78%).
Konjugation	Biotin
Produktbeschreibung	LRAT antibody LS-C466729 is a biotin-conjugated rabbit polyclonal antibody to LRAT (aa51-100) from human. It is reactive with human, mouse, chimpanzee and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	<a href="#">9227</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
