## Product Datasheet

### **Polyclonal Rabbit anti-Human CERKL Antibody (Biotin, aa137-186, WB) LS-C466792 LS-C466792-100**

Artikelname	Polyclonal Rabbit anti-Human CERKL Antibody (Biotin, aa137-186, WB) LS-C466792
Artikelnummer	LS-C466792-100
Hersteller Artikelnummer	LS-C466792-100
Alternativnummer	LS-C466792-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Equine, Human, Monkey, Porcine, Primate
Immunogen	Synthetic peptide located between aa137-186 of human CERKL (Q49MI3, NP_963842). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Monkey, Bovine, Horse, Pig, Platypus (100%), Galago, Elephant, Dog, Rabbit, Guinea pig (92%).
Konjugation	Biotin
Produktbeschreibung	CERKL antibody LS-C466792 is a biotin-conjugated rabbit polyclonal antibody to CERKL (aa137-186) from human. It is reactive with human, bovine, chimpanzee and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	<a href="#">375298</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
