Polyclonal Rabbit anti-Human LIPA / Lysosomal Acid Lipase Antibody (Biotin, aa42-91, WB) LS-C468275 LS-C468275-100

Artikelname	Polyclonal Rabbit anti-Human LIPA / Lysosomal Acid Lipase Antibody (Biotin, aa42-91, WB) LS-C468275
Artikelnummer	LS-C468275-100
Hersteller Artikelnummer	LS-C468275-100
Alternativnummer	LS-C468275-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Equine, Human, Monkey, Porcine, Primate, Rat
Immunogen	Synthetic peptide located between aa42-91 of human LIPA (P38571, NP_000226). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Monkey, Marmoset, Pig (100%), Galago, Sheep, Hamster, Panda, Bovine, Bat, Rabbit (92%), Rat, Elephant, Ho
Konjugation	Biotin
Produktbeschreibung	Lysosomal Acid Lipase antibody LS-C468275 is a biotin-conjugated rabbit polyclonal antibody to Lysosomal Acid Lipase (LIPA) (aa42-91) from human. It is reactive with human, rat, chimpanzee and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	0.5 mg/ml
NCBI	3988
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
