## Product Datasheet

### **Polyclonal Rabbit anti-Human CAMK2B / CaMKII Beta Antibody (Biotin, aa315-364, WB) LS-C468462 LS-C468462-100**

Artikelname	Polyclonal Rabbit anti-Human CAMK2B / CaMKII Beta Antibody (Biotin, aa315-364, WB) LS-C468462
Artikelnummer	LS-C468462-100
Hersteller Artikelnummer	LS-C468462-100
Alternativnummer	LS-C468462-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Equine, Gallus, Guinea pig, Human, Mouse, Porcine, Primate, Rat
Immunogen	Synthetic peptide located between aa315-364 of human CAMK2B (A4D2K5, NP_742077). Percent identity by BLAST analysis: Human, Gorilla, Gibbon, Monkey, Galago, Mouse, Rat, Elephant, Bovine, Horse, Pig, Opossum, Guinea pig, Chicken (100%), Marmoset, Zebrafis
Konjugation	Biotin
Produktbeschreibung	CaMKII Beta antibody LS-C468462 is a biotin-conjugated rabbit polyclonal antibody to CaMKII Beta (CAMK2B) (aa315-364) from human. It is reactive with human, mouse, rat and other species. Validated for WB....

Klonalität	Polyclonal
Konzentration	1 mg/ml
NCBI	<a href="#">816</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
