Polyclonal Rabbit anti-Human EMILIN1 / EMI Antibody (Biotin, aa671-720, WB) LS-C472897 LS-C472897-100

Artikelname	Polyclonal Rabbit anti-Human EMILIN1 / EMI Antibody (Biotin, aa671-720, WB) LS-C472897
Artikelnummer	LS-C472897-100
Hersteller Artikelnummer	LS-C472897-100
Alternativnummer	LS-C472897-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Canine, Equine, Human, Monkey, Porcine, Primate, Rabbit
Immunogen	Synthetic peptide located between aa671-720 of human EMILIN1 (Q9Y6C2, NP_008977). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Orangutan, Gibbon, Monkey, Marmoset, Elephant, Panda, Dog, Bovine, Rabbit, Horse, Pig, Opossum (100%), Galag
Konjugation	Biotin
Produktbeschreibung	EMI antibody LS-C472897 is a biotin-conjugated rabbit polyclonal antibody to EMI (EMILIN1) (aa671-720) from human. It is reactive with human, bovine, chimpanzee and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	11117
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
