Polyclonal Rabbit anti-Human ENPEP / Aminopeptidase A Antibody (Biotin, aa796-845, WB) LS-C473225 LS-C473225-100

Artikelname	Polyclonal Rabbit anti-Human ENPEP / Aminopeptidase A Antibody (Biotin, aa796-845, WB) LS-C473225
Artikelnummer	LS-C473225-100
Hersteller Artikelnummer	LS-C473225-100
Alternativnummer	LS-C473225-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Human, Monkey, Mouse, Primate, Rat
Immunogen	Synthetic peptide located between aa796-845 of human ENPEP (Q07075, NP_001968). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Orangutan, Gibbon, Marmoset, Mouse, Rat, Elephant, Bovine (100%), Galago, Dog, Pig (92%), Zebra finch, Chicken
Konjugation	Biotin
Produktbeschreibung	Aminopeptidase A antibody LS-C473225 is a biotin-conjugated rabbit polyclonal antibody to Aminopeptidase A (ENPEP) (aa796-845) from human. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	2028
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
