Polyclonal Rabbit anti-Human RIPK1 / RIP Antibody (Biotin, aa411-460, WB) LS-C481136 LS-C481136-100

| | |
|--------------------------|--|
| Artikelname | Polyclonal Rabbit anti-Human RIPK1 / RIP Antibody (Biotin, aa411-460, WB) LS-C481136 |
| Artikelnummer | LS-C481136-100 |
| Hersteller Artikelnummer | LS-C481136-100 |
| Alternativnummer | LS-C481136-100 |
| Hersteller | LifeSpan Biosciences |
| Wirt | Rabbit |
| Kategorie | Antikörper |
| Applikation | WB |
| Spezies Reaktivität | Bovine, Equine, Human, Monkey, Primate |
| Immunogen | Synthetic peptide located between aa411-460 of human RIPK1 (Q13546, NP_003795). Percent identity by BLAST analysis: Human, Gorilla, Gibbon, Monkey, Bovine (100%), Elephant, Dog (91%), Galago, Horse (83%). |
| Konjugation | Biotin |
| Produktbeschreibung | RIP antibody LS-C481136 is a biotin-conjugated rabbit polyclonal antibody to RIP (RIPK1) (aa411-460) from human. It is reactive with human, bovine, gibbon and other species. Validated for WB.... |
| Klonalität | Polyclonal |
| Konzentration | 1 mg/ml |

| | |
|------------------------|---|
| NCBI | 8737 |
| Puffer | PBS |
| Reinheit | Immunoaffinity purified |
| Formulierung | PBS |
| Application Verdünnung | WB |
| Anwendungsbeschreibung | The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. |
