## Product Datasheet

### **Polyclonal Rabbit anti-Human CCL5 / RANTES Antibody (Biotin, WB) LS-C316707 LS-C316707-100**

|                          |   |
|--------------------------|---|
| Artikelname              | Polyclonal Rabbit anti-Human CCL5 / RANTES Antibody (Biotin, WB) LS-C316707   |
| Artikelnummer            | LS-C316707-100  |
| Hersteller Artikelnummer | LS-C316707-100  |
| Alternativnummer         | LS-C316707-100  |
| Hersteller               | LifeSpan Biosciences  |
| Wirt                     | Rabbit  |
| Kategorie                | Antikörper  |
| Applikation              | ELISA, WB   |
| Spezies Reaktivität      | Human   |
| Immunogen                | Recombinant human C-C motif chemokine 5 protein.  |
| Konjugation              | Biotin  |
| Produktbeschreibung      | RANTES antibody LS-C316707 is a biotin-conjugated rabbit polyclonal antibody to human RANTES (CCL5). Validated for ELISA and WB.... |
| Klonalität               | Polyclonal  |
| NCBI                     | <a href="#">6352</a>  |
| Puffer                   | PBS, pH 7.4, 0.03% Proclin 300, 50% glycerol.   |

|                        |   |
|------------------------|---|
| Reinheit               | Caprylic acid and ammonium sulfate precipitation  |
| Formulierung           | PBS, pH 7.4, 0.03% Proclin 300, 50% glycerol.   |
| Application Verdünnung | ELISA, WB   |
| Anwendungsbeschreibung | The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. |
