| Produktbeschreibung      | GABARAP antibody LS-C334171 is an unconjugated rabbit polyclonal antibody to GABARAP from human. It is reactive with human, mouse and rat. Validated for IF, IHC and WB....                                                                            |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                             |
| NCBI                     | <a href="#">11337</a>                                                                                                                                                                                                                                  |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Puffer                 | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                               |
| Reinheit               | Affinity purified                                                           |
| Formulierung           | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                               |
| Application Verdünnung | IF (1:50 - 1:200), IHC (1:50 - 1:200), WB (1:500 - 1:2000)                  |
| Anwendungsbeschreibung | The predicted MW is 13kDa, while the observed MW by Western blot was 16kDa. |
