| Hersteller               | LifeSpan Biosciences                                                                                                      |
| Wirt                     | Rabbit                                                                                                                    |
| Kategorie                | Antikörper                                                                                                                |
| Applikation              | ELISA, IHC                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                     |
| Immunogen                | Recombinant human Potassium channel regulatory protein.                                                                   |
| Konjugation              | HRP                                                                                                                       |
| Produktbeschreibung      | KCNRG antibody LS-C378780 is an HRP-conjugated rabbit polyclonal antibody to human KCNRG. Validated for ELISA and IHC.... |
| Klonalität               | Polyclonal                                                                                                                |
| NCBI                     | <a href="#">283518</a>                                                                                                    |
| Puffer                   | PBS, pH 7.4, 0.03% Proclin 300, 50% glycerol.                                                                             |
| Reinheit                 | Protein G purified                                                                                                        |
| Formulierung             | PBS, pH 7.4, 0.03% Proclin 300, 50% glycerol.                                                                             |

|                        |                                                                                                                                                                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | ELISA, IHC                                                                                                                                                                                                                                              |
| Anwendungsbeschreibung | <p>The applications listed above are for the unconjugated form of this antibody. The conjugated antibody has not been tested. The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.</p> |
