## Product Datasheet

### **Polyclonal Rabbit anti-Human Aprataxin / APTX Antibody (Biotin, aa108-157, WB) LS-C428701 LS-C428701-100**

Artikelname	Polyclonal Rabbit anti-Human Aprataxin / APTX Antibody (Biotin, aa108-157, WB) LS-C428701
Artikelnummer	LS-C428701-100
Hersteller Artikelnummer	LS-C428701-100
Alternativnummer	LS-C428701-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Canine, Guinea pig, Human, Monkey, Porcine, Primate
Immunogen	Synthetic peptide located between aa108-157 of human APTX (Q5T782, NP_778239). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Monkey, Marmoset (100%), Elephant, Bat, Horse (92%), Dog (85%).
Konjugation	Biotin
Produktbeschreibung	APTX antibody LS-C428701 is a biotin-conjugated rabbit polyclonal antibody to APTX (Aprataxin) (aa108-157) from human. It is reactive with human, bovine, chimpanzee and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	<a href="#">54840</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
