Polyclonal Rabbit anti-Mouse ISL2 / Islet 2 Antibody (Biotin, aa234-283, WB) LS-C435484 LS-C435484-100

Artikelname	Polyclonal Rabbit anti-Mouse ISL2 / Islet 2 Antibody (Biotin, aa234-283, WB) LS-C435484
Artikelnummer	LS-C435484-100
Hersteller Artikelnummer	LS-C435484-100
Alternativnummer	LS-C435484-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Equine, Guinea pig, Human, Mouse, Rabbit
Immunogen	Synthetic peptide located between aa234-283 of mouse ISL2 (Q9CXV0, NP_081673). Percent identity by BLAST analysis: Mouse (100%), Rat (92%), Human, Gorilla, Gibbon, Monkey, Marmoset, Rabbit, Opossum, Guinea pig, Chicken (85%).
Konjugation	Biotin
Produktbeschreibung	Islet 2 antibody LS-C435484 is a biotin-conjugated rabbit polyclonal antibody to Islet 2 (ISL2) (aa234-283) from mouse. It is reactive with human, mouse, bovine and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	64843
Puffer	PBS
Reinheit	Protein A purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
