Polyclonal Rabbit anti-Mouse MEIS1 Antibody (Biotin, aa24-73, WB) LS-C436543 LS-C436543-100

Artikelname	Polyclonal Rabbit anti-Mouse MEIS1 Antibody (Biotin, aa24-73, WB) LS-C436543
Artikelnummer	LS-C436543-100
Hersteller Artikelnummer	LS-C436543-100
Alternativnummer	LS-C436543-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bat, Bovine, Canine, Equine, Hamster, Human, Monkey, Mouse, Primate, Rabbit, Rat, Xenopus
Immunogen	Synthetic peptide located between aa24-73 of mouse Meis1 (Q60954, NP_034919). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Monkey, Galago, Marmoset, Mouse, Rat, Hamster, Elephant, Dog, Bovine, Bat, Rabbit, Horse, Opossum, Platy
Konjugation	Biotin
Produktbeschreibung	MEIS1 antibody LS-C436543 is a biotin-conjugated rabbit polyclonal antibody to MEIS1 (aa24-73) from mouse. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	4211
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
