Polyclonal Rabbit anti-Mouse EVL Antibody (Biotin, aa101-150, WB) LS-C441176 LS-C441176-100

Artikelname	Polyclonal Rabbit anti-Mouse EVL Antibody (Biotin, aa101-150, WB) LS-C441176
Artikelnummer	LS-C441176-100
Hersteller Artikelnummer	LS-C441176-100
Alternativnummer	LS-C441176-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Human, Monkey, Mouse, Porcine, Primate, Rat
Immunogen	Synthetic peptide located between aa101-150 of mouse Evl (Q6PB99, NP_031991). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Orangutan, Gibbon, Monkey, Marmoset, Mouse, Rat, Bovine, Pig (100%), Panda, Dog, Bat, Rabbit, Horse, Guinea pig
Konjugation	Biotin
Produktbeschreibung	EVL antibody LS-C441176 is a biotin-conjugated rabbit polyclonal antibody to EVL (aa101-150) from mouse. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	51466
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
