Polyclonal Rabbit anti-Human MSTO1 / MST Antibody (Biotin, aa51-100, WB) LS-C441251 LS-C441251-100

Artikelname	Polyclonal Rabbit anti-Human MSTO1 / MST Antibody (Biotin, aa51-100, WB) LS-C441251
Artikelnummer	LS-C441251-100
Hersteller Artikelnummer	LS-C441251-100
Alternativnummer	LS-C441251-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Canine, Equine, Human, Mouse, Primate
Immunogen	Synthetic peptide located between aa51-100 of human MSTO1 (Q9BUK6, NP_060586). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Orangutan, Gibbon, Galago, Marmoset, Mouse, Bovine, Horse (100%), Monkey, Rat, Rabbit, Guinea pig (92%), Elepha
Konjugation	Biotin
Produktbeschreibung	MST antibody LS-C441251 is a biotin-conjugated rabbit polyclonal antibody to MST (MSTO1) (aa51-100) from human. It is reactive with human, mouse, bovine and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	55154
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
