## Product Datasheet

### **Polyclonal Rabbit anti-Human ACP5 / TRAP Antibody (FITC, aa71-120, WB) LS-C442244 LS-C442244-100**

Artikelname	Polyclonal Rabbit anti-Human ACP5 / TRAP Antibody (FITC, aa71-120, WB) LS-C442244
Artikelnummer	LS-C442244-100
Hersteller Artikelnummer	LS-C442244-100
Alternativnummer	LS-C442244-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bat, Bovine, Canine, Equine, Hamster, Human, Monkey, Mouse, Porcine, Primate, Rat, Sheep
Immunogen	Synthetic peptide located between aa71-120 of human ACP5 (P13686, NP_001602). Percent identity by BLAST analysis: Human, Gorilla, Gibbon, Monkey, Galago, Marmoset, Mouse, Rat, Sheep, Hamster, Elephant, Panda, Dog, Bovine, Bat, Horse, Pig, Opossum, Platyp
Konjugation	FITC
Produktbeschreibung	TRAP antibody LS-C442244 is an FITC-conjugated rabbit polyclonal antibody to TRAP (ACP5) (aa71-120) from human. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	<a href="#">54</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
