Polyclonal Rabbit anti-Human EGF Antibody (Biotin, aa647-696, WB) LS-C442273 LS-C442273-100

Artikelname	Polyclonal Rabbit anti-Human EGF Antibody (Biotin, aa647-696, WB) LS-C442273
Artikelnummer	LS-C442273-100
Hersteller Artikelnummer	LS-C442273-100
Alternativnummer	LS-C442273-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Canine, Human, Mouse, Primate, Rat
Immunogen	Synthetic peptide located between aa647-696 of human EGF (P01133, NP_001954). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon (100%), Monkey, Marmoset, Panda, Bat, Horse, Pig, Turkey, Zebra finch, Chicken (92%), Xenopus (90%), Rat,
Konjugation	Biotin
Produktbeschreibung	EGF antibody LS-C442273 is a biotin-conjugated rabbit polyclonal antibody to EGF (aa647-696) from human. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	1950
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
