## Product Datasheet

### **Polyclonal Rabbit anti-Human EGF Antibody (FITC, aa647-696, WB) LS-C442274 LS-C442274-100**

Artikelname	Polyclonal Rabbit anti-Human EGF Antibody (FITC, aa647-696, WB) LS-C442274
Artikelnummer	LS-C442274-100
Hersteller Artikelnummer	LS-C442274-100
Alternativnummer	LS-C442274-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Canine, Human, Mouse, Primate, Rat
Immunogen	Synthetic peptide located between aa647-696 of human EGF (P01133, NP_001954). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon (100%), Monkey, Marmoset, Panda, Bat, Horse, Pig, Turkey, Zebra finch, Chicken (92%), Xenopus (90%), Rat,
Konjugation	FITC
Produktbeschreibung	EGF antibody LS-C442274 is an FITC-conjugated rabbit polyclonal antibody to EGF (aa647-696) from human. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	<a href="#">1950</a>
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
