Polyclonal Rabbit anti-Human TSH Receptor / TSHR Antibody (Biotin, aa31-80, WB) LS-C442873 LS-C442873-100

Artikelname	Polyclonal Rabbit anti-Human TSH Receptor / TSHR Antibody (Biotin, aa31-80, WB) LS-C442873
Artikelnummer	LS-C442873-100
Hersteller Artikelnummer	LS-C442873-100
Alternativnummer	LS-C442873-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Canine, Equine, Human, Monkey, Mouse, Primate, Rabbit, Rat, Sheep
Immunogen	Synthetic peptide located between aa31-80 of human TSHR (Q96GT6, NP_001018046). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Gibbon, Monkey, Marmoset, Sheep (100%), Galago, Panda, Cat, Bovine (92%), Dog, Horse (85%), Mouse, Rat (78%).
Konjugation	Biotin
Produktbeschreibung	TSHR antibody LS-C442873 is a biotin-conjugated rabbit polyclonal antibody to TSHR (TSH Receptor) (aa31-80) from human. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	7253
Puffer	PBS
Reinheit	Protein A purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
